What is a Positive Parenting Course?

The course is a weekly parenting programme that aims to improve parent-child interactions and build positive relationships and attachment. The course promotes children's social skills, focussing on how to help children understand and regulate their emotions. The course also provides useful information around putting routines and boundaries in at home and helping children with their problem solving skills.

Feedback from attendees in 2021

"This a fantastic course that outlines the main issues faced by most parents"- May 2021

"I have loved the group and found this very helpful for my relationship with my son"

May 2021

"I feel much more confident now" - May 2021

"I felt everyone understood each other" - May 2021

"Sometimes to talk things through you find reassurance that you are not alone and there are others in the same situation" -

May 2021

The Incredible Years®

This course is based on the Incredible Years programmes which were developed by Carolyn Webster-Stratton, Ph.D.

The programme is delivered all over the world including USA, Canada, Norway, Russia, New Zealand and Australia.

Please contact the Family Support Team to confirm if you would like to attend the course. In your email please include your Children's Names, Ages and which schools they attend.
