Celebrating Our Week

Friday 28th March 2025

Infants looking back at last week

We have continued to do lots of measuring of mass, volume and capacity and the Y2 children are working on mastering fractions. We enjoyed finding out about how Muslims celebrate Eid (which is on Sunday!). The children were all very excited about their costumes for Mission Implausible and are singing the songs around the classroom. Reception enjoyed the story 'Avocado Baby' before writing their own version. In Maths, Reception enjoyed identifying the heaviest and lightest items using the weighing scales.

Infants Looking forward to next week

Next week there will be lots of Easter activities to do as we approach the end term including making cards and completing an Easter egg hunt - we are hoping for more of this beautiful weather! Reception will read the story 'A Bit Lost' before acting it out using props and making a story map. In Maths, they will be revisiting 3D shapes as well as having a quiz about what they remember. They will also be making a penguin out of a cylinder in Art. We are all looking forward to supporting the juniors in their play on Tuesday afternoon and evening as well as Wednesday evening.

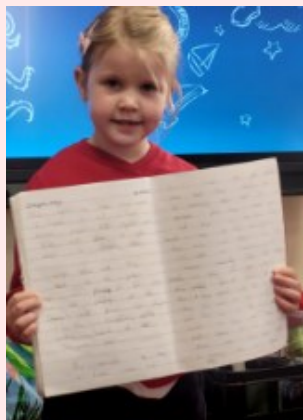

Juniors looking back at last week

Juniors have been very busy practising for the school show. They have also learnt about plague doctors and their role. They all got to smell some different herbs and spices to help them decide which ones they would have in a plague mask if they were to wear one. Y5/6 collected information and wrote descriptive phrases and sentences to describe 'The Falcon' in Black Powder. Y3/4 looked at news reports from Eyam when Covid hit 5 years ago and wrote their own newspaper report about the outbreak of the plague in Eyam in 1665. In maths they completed some fabulous perimeter work.

Juniors looking forward to next week

We are looking forward to performing in Mission Implausible next week as well as looking forward to our trip to Eyam where we will explore the museum and the church as well as looking around the village. Pupils are excited to see all the things we have talked about at school. Y5/6 will write descriptions of 'The Falcon' and will read more of 'Black Powder'. Y3/4 will look at mass and capacity in Maths, and will complete an end of term assessment in Reading.

Best work of the week was awarded to Alice, Leia, Corey, Arnie, Maisie, Daisy W, Thomas, Daisy T and Minnie.

House Points

Haddon— 114

Riber— 76

Chatsworth—196

House Points Prize winners—
