PRIMARY SCHOOL

Celebrating Our Week

Friday 27th March 2026

Infants looking back at last week

We are so proud of the way the infants have been keen to join in with the school show. They have sung and danced with no hint of nerves and the future of South Darley productions looks to be in safe hands! We have also found time to do some work on measuring lengths, finding fractions of shapes and quantities and learning about Easter traditions, including making our own delicious, chocolatey Easter nests. Reception had fun acting out "Wolf Won't Bite!" thinking of the different tricks for the wolf to do before writing their own version of the story using different animals and tricks. In Maths they had a fun quiz about 2D and 3D shapes, with the prize a chocolate Easter chick.

Infants looking forward to next term

After Easter will be starting a new topic 'Jack and the Beanstalk', thinking particularly about the changing seasons and all things to do with growing. Reception will be using similes to compare their mum and dad to different things e.g. My mum is as soft as a kitten. My dad is as cuddly as a teddy bear. They will also be counting back from 20 and they will be reading and comparing numbers to 20.

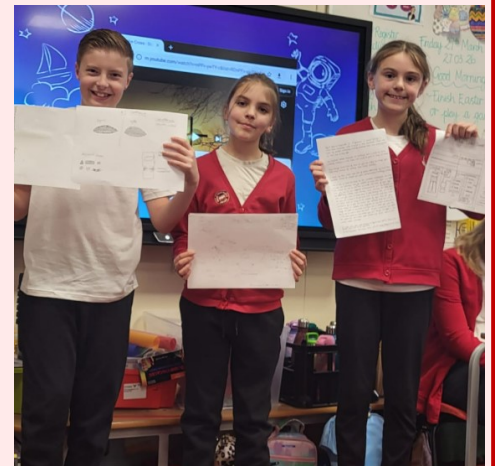

Juniors looking back at last week

All the juniors did really well in the school show this week and we are very proud of their achievements. As well as being busy with the show, the Year 5 and 6 children have been completing their entries to the competition 'If you were an Engineer what would you do?' They have thought of some brilliant ideas which have been sent off this week. Year 3 and 4 welcomed Mr Haswell back into the classroom. They learnt about mass, with a yummy task of weighing out the ingredients needed to make Easter nests.

Juniors looking forward to next term

After the Easter break all of the juniors will be starting their new topic which will be about Rainforests. They will begin by locating them on a world map as well as learning about their climate. As well as this they will all be reading the book, 'The Great Kapok Tree' and planning a dilemma story based on the book. Year 5 and 6 will be finishing their science topic of Evolution and Year 3 and 4 will be completing Rocks.

Best work of the week was awarded to Alfie, Eliza, George H, Flo, Alice, Ivy W, Rosa, Charlotte

House Points

Chatsworth — 138

Haddon— 96

Riber— 73
